SUMMARY

Motivated and detail-oriented college student seeking to leverage technical skills and a passion for innovation in a dynamic technology environment. Eager to contribute to impactful projects and continuously develop expertise to drive meaningful results.

Projects

Myportfolio

- Developed a dynamic and interactive personal resume website using HTML, CSS, and JavaScript to showcase skills, projects, and achievements.
- Designed a visually appealing user interface with responsive layouts optimised for both desktop and mobile devices Python Developer .

Expenses Tracker Web Application

- **Add and Manage Expenses:** Users can input details such as amount, category, and description, with real-time updates to the expenses list.
- **View Total Spending:** Automatically calculates and displays the total expenses, providing users with a clear overview of their spending habits.
- **Delete Entries:** Users can easily remove any expense from the list, ensuring accurate tracking.
- **Download Data:** Implemented a feature to download the expenses as a CSV file for easy sharing and analysis.
